## ARCHITECTURE + DESIGN

8425 Biscayne Blvd. Suite 201

Miami, FL 33138

(t) 305.434.8338

[www.clfarchitects.com](http://www.clfarchitects.com)

**NOTES:** We are looking for UM students that just graduated, looking for a full-time position and have some prior work/internship experience. Anyone who is interested in applying should send resume and portfolio to: [office@clfarchitects.com](mailto:office@clfarchitects.com) to set up an interview.

### **Junior/Intermediate Position:**

- Must have an architecture degree
- Must have some experience working in an architect's office (if possible) or some type of professional experience.
- Must have good working knowledge of Sketch-Up, Photoshop and Lumion
- Must be able to produce 3-D Sketch-up models, work with the architect on the design, and then turn those into Lumion renderings
- Knowledge of how to produce a Lumion video is a plus
- Must have CAD experience
- Must have the ability to produce photorealistic renderings.
- Salary: Commensurate with experience. We offer a health insurance and 401 package that will be figured into the total compensation.

### **Project Manager Position:**

- Must have extensive knowledge of how to produce a complete set of construction documents (residential experience preferred but not required)
- Must have good knowledge of construction and can perform site visits for CA work
- Is proficient in producing custom sections and details for varying construction conditions
- Must be able to meet with the Building Department, General Contractors and sometimes the clients themselves
- Must have knowledge of meeting with all engineers and consultants for proper project coordination.
- Can lead a team on a project and manage the project.
- Presents themselves well
- Salary: Commensurate with experience. We offer a health insurance and 401 package that will be figured into the total compensation.
