

NOTE : The owner of Shade FL, Margueritte, is a long standing, good friend of U-SoA and has been employing our students for years. Great early career position for undergrad and graduate students.

## Design Intern

ShadeFLA is seeking a highly organized Design Intern to assist the lead designer and coordinate Shade product designs for the hospitality industry. Fast-paced, friendly and collaborative work environment. We are located in Miami, FL, and service Florida, the continental US, and the Caribbean.

### About the Position:

- Preparing design proposals/estimates for clients
- Conducting sun studies and preparing detailed drawings to provide client with the ideal shade solution using AutoCAD and Google Sketchup Pro
- Working with contractors, engineers, installers and other professionals
- Working with the Project Manager to create construction schedules and coordinate permits/regulations for projects
- Learning technical information of ShadeFLA products
- Maintaining an inventory of fabric samples

### The Ideal Candidate Should:

- Have strong visual awareness and an eye for detail
- Be proficient in AutoCAD and Google Sketchup Pro
- Be creative and take initiative
- Be passionate about the hospitality industry and comfortable with working with luxury resorts, restaurants, and other commercial clients
- Work independently yet work well with a team

ShadeFLA is located in the Upper East Side of Miami  
561 NE 79th Street, Loft 330, Miami, FL 33138
